NOTICE TO READERS

The acquisition of Soviet publications, particularly of periodicals, has grown to such an extent that its increase is seriously delaying their recording in the *Monthly Index of Russian Accessions*. Certain economizing measures have, therefore, had to be taken in the format of the *Monthly Index*. Commencing with the August 1960 issue (Volume 13, No. 5), the tables of contents of periodicals in Part B will be eliminated, all periodicals received will merely be listed, by volume, issue number, and date. The indexing of articles in certain periodicals will also be discontinued. Each issue of the *Monthly Index* will contain at the beginning of Part C a list of the periodicals indexed.
